Once again The 2013 Santander Chilean Nationals, held in the beautiful town of Pucon, was the place to be between Christmas and New Year's, specially for the Herman Bros.

Excellent sailing conditions, with some very windy races and also lighter ones. The lake again proved to be one of Chile's premiere venues.

With an unprecedented show of sailing skills Pablo Herman, Felipe Herman and Nadja Horwitz were able to dethrone Tito Gonzalez and team to win the championship. In the 4th and last day, under lighter conditions (8-10kts) 4 races were run, completing the 10 races that were programmed for the event. In the first race of the day, the Herman's were 5th reducing their lead to Tito from 5 to 4 points. The following race again left things in the air, but by race 3 of the day, the Herman's were able to win the regatta and also clinch the National Title. In second place was Tito Gonzalez, Cristian Herman, and Trinidad Gonzalez, and in third Felipe Robles, Andres Guevara and Pablo Lorca.

After the regatta, Pablo Herman said "This is the third regatta we race together, and the second we are able to win. At the South American's in November we were 3rd, and a few days ago we won the Francisco Perez Spencer Cup, so we are really happy. Our objective is to qualify for the 2015 Pan Am's and this really gives us more encouragement to keep working hard." Asked about beating Tito "It's always fun to sail with people like Tito, you learn a lot and it really helps us...and if you can beat him once, like today...even better"... smiling as he leaves.

Nadja Horwitz (Runner-up at the 420 World's this year and 420 South American Champion) added; "The conditions today were hard, with lots of shifts, highs and lows in pressure, we wanted to be in the top 3 spots, but we were able to sail very well from the start, and this makes us very happy."

Team Herman - 2013 Chilean National Champions

The regatta awards ceremony was again held at the Gran Hotel Pucon, where the crews were able to have a great dinner with family and friends, waiting for the fireworks that would mark the beginning of 2014. Depending on the amount of energy you had left, the crews celebrated the new years at the many pubs and nightclubs Pucon offers. And well Pucon again exceeded all standards. Even though the Chilean Fleets were planning on having next Nationals somewhere else, by public acclamation the 2014 Nationals will again be held in Pucon, same date and time. This time everybody has to come!!

Victor Lobos
